

**WE MAKE LIGHT  
WORK OF HEAVY-DUTY  
FURNITURE**

# B.Y.O.E.

## Ready to Build Your Own Environment?

Too often, “one-size-fits-all” solutions don’t fit anyone perfectly. They are simple for the companies that make them, but less than satisfying for the people who use them. At Montisa, we’ve taken the opposite direction with an approach we call “B.Y.O.E,” or Build Your Own Environment. This modular solution is pieced together on an individual basis to fit the specific needs of one customer: that’s you.

# M ZONE

Looking for a place where  
the whole team can get  
together?

This meeting zone fits the bill. A stamped  
leg Crosby table creates a focal point,  
while Elton stools invite people to join the  
conversation. A bank of Ella cabinets can  
help divide the space and keep reference  
materials and supplies within reach.

# P ZONE

---

**In need of a place where  
you can escape and collect  
your thoughts?**

The P Zone offers a Clapton desk with a Byrd hook and an Elton stool. A Bootsy monitor stand helps you work more comfortably, a Teddy file caddy keeps important papers in sight, and a wall of Billie cabinets holds reference materials nearby.

# C ZONE

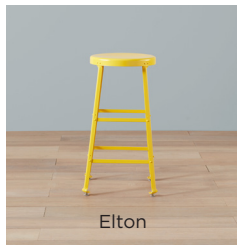

---

We've put together all the essentials you need for a flexible, people-friendly, collaborative space.

---

Elton stools surround an extra-long table (choose a radius end cap for style points). A Billie cabinet does double-duty as a storage space and media wall—just add a standard TV mount.

# 0 ZONE

**Perfect for reception areas,  
drop-in workers, or any open  
office setting.**

This zone includes an open-ended collection of pieces that can be arranged in multiple ways. L-shaped Crosby returns and Elton stools offer room to work, while an Armstrong cabinet and a Teddy file caddy keep you organized.

# T ZONE

Open and inviting, this team zone is a go-to spot to get together.

Billie grounds the space with a mix of reach-in shelves and closed storage, and a 20-inch wide topper adds a handy counter-height work surface. A pair of Elton stools and a Byrd hook make it all complete.

# V ZONE

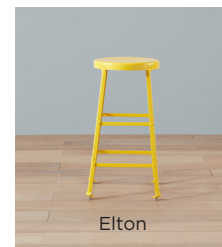

**Want structure and privacy without the closed-in feeling of a cubicle?**

This vertical zone uses Clapton desks and Billie cabinets with tackable panels to divide the room neatly and efficiently. Elton stools, Teddy file caddies, Byrd hooks, and Verdine bag slings complete the picture.

# Q ZONE

---

One, two, three, four... 'til it's time to add some more.

This quad zone provides an excellent starting point that's easy to expand as your team grows. Clapton desks and Elton stools form the core, with the Bootsy monitor stand and Verdine bag sling adding creature comforts.

# HOLD

Everyone has their own preferred setup at work, but this one is built around you.

Having your tools right where you want them is a great way to be more productive. Our line of stands and hooks gives you the helping hand you need to hold all your important things throughout the day.
